Subject: NMED PM10 Exceptional Events - Initial Notification letters for 2016 and 2017
Attachments: Exceptional Event Initial Notification 2016 rule updated.docx

Sorry for this late notice. We have revised our regional suggestions and guidance for the Initial Notification process. You can send the formal letters to the EPA Region 6 Associate Director for Air, Multimedia Division, Mr. Guy Donaldson, rather than the Regional Administrator. I understand if your internal process has progressed to where this revised guidance is too late. It is not a problem if the subject letters are sent to the RA. Just wanted to let you know of the new flexibility to communicate at different level. Thanks

Dorothy Crawford
